ACCESSORIES CBR600RR

Supersport supreme

Inline fours are the apex predators of the sportbike world. This is the kind of engine that our World Superbike and Supersport riders race. And if you've ever ridden a bike like our CBR600RR it's easy to see why. The engines are super-responsive and high revving. The handling is scalpel sharp. And our CBR600RR combines all that with the light weight of a 600-class machine—and light weight is the key to all sorts of performance benefits. A rare breed these days, fours like the CBR600RR are a delight for track-day use, and outstanding on twisty back roads.

SEAT COWL
08F70-MJC-N30ZA / 08F72-MJC-N40ZA

This stylish Single Seat Cowl replaces the pillion seat with an easy operation, creating a strong resemblance to the racing machine and reducing the weight. It cannot be used in conjunction with the Seat Bag.

Available in the following colour options:

- 08F70-MJC-N30ZA - RED *R380*
- 08F72-MJC-N40ZA - BLACK *NHA86M*

OIL FILLER CAP
08F72-MKZ-J30

The Oil Filler Cap is expertly crafted from premium-grade aluminum, ensuring superior quality and precision. It features a vibrant red anodized finish that adds a striking visual element, while the laser-etched HRC logo on both sides of the handgrip enhances its aesthetics. The cap's interior is hollowed out to enhance strength and minimize weight. Additionally, the cap includes a wire-lock hole, commonly found on HRC works machines, making it suitable for circuit riding. With its surface treatment of red anodization, the Oil Filler Cap combines style, functionality, and a touch of racing heritage.

WHEEL STRIPE TRICOLOUR SET
08F70-MKZ-J30ZA

The Wheel Stripes set not only features the iconic Honda Racing logo but also enhances the overall racing aesthetic of the bike's undercarriage. With a single unit, these stripes can be easily installed on the bike, making it a convenient and versatile accessory. Perfect for enthusiasts looking to elevate the racing appearance of their motorcycle, the Wheel Stripes set adds a touch of style and sportiness to the bike's overall design.
